Goldwater Is Critical of Foreign Policy

Viet Nam May Become a Major Campaign Issue

WASHINGTON (AP) — Sen. Barry Goldwater has told Republican congressional candidates that foreign policy — and Viet Nam — will be the major campaign issue if President Johnson backs off from his Southeast Asia stand.

Newsmen were barred from Friday night's meeting in a hotel banquet room, but reporters outside the door heard the GOP's presidential nominee say of Johnson:

"If he doesn't continue what he has started to do, then I can assure him that not only Viet Nam but all of his foreign policy is going to be the major issue of the campaign."

Ordered Away

Newsmen were able to hear only part of Goldwater's remarks before the house detective ordered them away.

Earlier in the day, GOP National Chairman Dean Burch disclosed that pollsters were being used to sample public sentiment to help chart Goldwater's campaign.

Goldwater said he intends to launch his campaign formally with a speech at Prescott, Ariz., Sept. 4.

The vice presidential nominee, Rep. William E. Miller, kicks off his campaign the next day in his upstate New York congressional district.

Burch said Goldwater's national campaign will follow the format of his successful primary campaign in California: "big meetings, big television and pretty big issues."

House Vote On Poverty Bill Delayed

WASHINGTON (AP) — The House pushed President Johnson's anti-poverty bill to the verge of passage Friday night but was forced by a technicality to delay a final vote until today.

After a 228-190 preliminary vote all but sealed a stunning victory for Johnson, opponents demanded a printed copy of the bill, including amendments adopted only minutes earlier.

Such a demand can always be made, but rarely is. Sometimes the houses recesses until a copy can be provided. This time it decided to wait until today.

The House almost never meets on Saturday and members are accustomed to long weekends off.

The Democrats were short of members at one point Friday and opponents of the high priority administration bill almost succeeded in a bold maneuver to kill it.

Rep. Howard W. Smith, D-Va., offered a motion to "strike the enacting clause" — in effect, kill the bill. Republicans, who had been waiting outside the chamber, rushed in and combined with Southern Democrats, succeeded in carrying the Smith motion by a 170-135 non-record vote.

The leadership was able to demand a roll call vote to ratify the action, however, and during the time that took, enough Democrats who support the President were rounded up to defeat the motion 225 to 198.

The 228-190 vote that followed came on the actual bill, but under House rules it was being considered in the form of an amendment adopted to the original House measure. After its approval as an amendment it must be passed as a bill, and that is the vote that was put off until today.

Except for one amendment put in over the opposition of the bill's supporters, the version awaiting final passage is closely parallel to the Senate version. That would require a loyalty oath from all those participating in the various programs authorized by the bill. It was proposed by Rep. John Bell Williams, D-Miss., and approved by a nonrecord vote of 144-112.

The bill authorizes expenditures of \$947.5 million to mount an attack on poverty by providing its victims with a chance to become self-supporting, instead of depending on welfare programs.

Mrs. Mary C. Books, 72, reads a story to her eight grandchildren for whom she has cared since May when her son killed his wife and himself. The Wichita, Kan., woman turned down a judge's offer of welfare for herself and the children. She said she could take care of them herself. Her monthly income — from Social Security and Veterans Administration payments — is less than \$350. (AP Wirephoto)

Danger of Vietnamese War Lessening, Authorities Say

No Reports of Mass Troop Movements by Red Chinese

BY CARL P. LEURSDORF

WASHINGTON (AP) — High U.S. authorities said today chances of a major expansion of the Vietnamese war appear to be lessening.

They reported that there had been no sign, so far, of mass troop movements in Communist China or North Viet Nam. And they said there had been no evidence that Communist sea forces or planes were hunting targets.

President Johnson had near-unanimous support from Congress to employ a flexible military response if necessary to meet any new Communist thrust in Southeast Asia.

American Caravan On Moscow Outskirts

MOSCOW (AP) — "The Wally Byam Caravan" stood on the outskirts of Moscow today, ready to "invade" Red Square.

The caravan — 75 middle-aged and elderly Americans in a globe-circling tour in 34 trailers — rumbled into a motel car park eight miles outside of Moscow Friday after a three-day ride from the Polish border.

The Americans plan to bring their trailers into Red Square, which the Soviets usually use for such momentous displays as their big May Day military parade.

The former Josephine Mary Hannan, she was born in Acton, Mass. She was married there in 1889 to the man who later was mayor of Boston.

They had six children, including Rose, the late President's mother.

A tall woman, about 5-8, she was hospitalized in August of 1960 with a mild heart condition.

When her grandson became the presidential nominee he visited her. She posed with him for photographers, then tugged at his elbow and kissed him on the cheek.

"Don't work too hard. God bless you. I know you'll win," she said.

When she watched the inauguration of President Kennedy on television she was aware that the Bible on which he took the oath of office was her own. As the inauguration progressed she said: "Isn't he wonderful? That's my boy."

The late president paid her a surprise visit on Election Day, Nov. 6, 1962 when he came to Massachusetts to vote.

Three of her six children are still living. Besides Mrs. Kennedy they are John F. Fitzgerald Jr. of Milton and Thomas, with whom she made her home. Her followed the results on television. Khanh Visits Vietnamese Border Guard

Declares Troops Are Ready for Whatever Comes'

GIO LINH, South Viet Nam (AP) — Premier Nguyen Khanh, clad in helmet and battle fatigues and riding in a camouflaged jeep, visited the border of Communist North Viet Nam today.

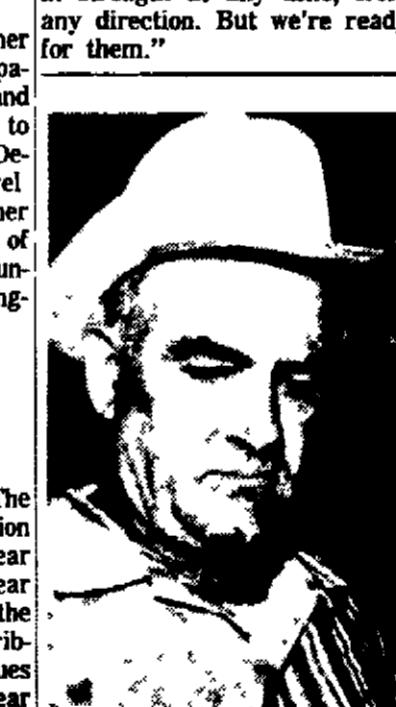

Khanh, who Friday declared a state of national emergency, toured new artillery emplacements and inspected troops and tanks within a few thousand yards of the North Vietnamese frontier. "We are ready for whatever comes," he said.

The local Vietnamese commander, Brig. Gen. Nguyen Chanh Thi, told Khanh there were dangerous concentrations of North Vietnamese forces just to the other side of the narrow Ben Hai River — the demarcation line.

American Advisor

The senior American advisor to the South Vietnamese 1st Division, Col. Leroy P. Collins Jr., Hampton, Va., expressed belief the crisis with North Viet Nam is not yet past.

"The situation is just as tense right now as it was on Wednesday, when a U.S. retaliatory raid on North Vietnamese torpedo boat bases took place," Collins said. "They could come in strength at any time, from any direction. But we're ready for them."

Continued Dispute Could Topple Shaky Government

VIENTIANE, Laos (AP) —

Hope rose in the tense Laotian capital today that rival rightist military factions may patch up a feud which could topple the shaky power structure in Laos. Informants say a key man in the situation is Gen. Sihou Phamphoutacou, who commands all police in the Vientiane area. Sihou, they say, is not willing at present to join either faction

and is concentrating on guarding the security of Vientiane.

All that is known for sure is that the army was put on alert Tuesday, considerably military movement was noted, and the capital was tense.

Only Explanation

The only official explanation was made Thursday when Laos' five top army and police officers went to neutralist Premier Prince Souvanna Phouma and said misunderstandings between them were being peacefully settled.

A communiqué said the five assured Souvanna of their total support of the government.

The feud between the generals reportedly resulted from Souvanna's decision to replace four cabinet members, and from a demand by the Finance and Economics Committee for an investigation of books of the national lottery, casino and customs. Sources give this rundown on what followed:

Gen. Kham Cong, commander of the Paksane area south of Vientiane, began moving some

Senate Working Today on Its Foreign Aid Bill

WASHINGTON (AP) — The Senate tried today to straighten out another curve in the Foreign Aid Bill's path — a southerner's effort to add a civil rights provision to it.

Sen. Strom Thurmond, D-S.C., says aid funds should be withheld from countries that practice racial or religious discrimination.

"It is untenable to subsidize discrimination in our own country, it is equally untenable for the United States to subsidize discrimination in any foreign country," said Thurmond, who strongly opposed passage of the Civil Rights act.

The Saturday session — part of the drive to clear the decks before the Democratic National Convention opens Aug. 24 in Atlantic City — came among portents of a bitter clash next week over a Republican-sponsored effort to add a legislative apportionment rider to the \$1,465,700,000 aid bill.

Bill Wade Passes Bears to 28-17 Win Over All-Stars

Crowd of 65,000 Watches
Collegians Come to Life in
Closing Minutes of Action

BY JERR YLISKA

CHICAGO (AP) — The victorious Chicago Bears missed Willie Galimore and the scrappy collegians discovered the "Graham Cracker" too late in Friday night's 31st All-Star game.

The champion Bears of the National Football League, trailing 10-7 at halftime, rode to a 28-17 triumph mainly on the reliable passing arm of veteran quarterback Bill Wade.

But the big thrill for a Soldier

Field crowd of 65,000 came in the final quarter as Coach Otto Graham used two quarterbacks simultaneously — Southern California's Pete Beathard and will-o-the-wisp George Mira of Miami (Fla.).

Lonesome Halfback

With Beathard as main ball handler and Mira as a lonesome halfback, the Graham maneuver produced a lively finish just as the game seemed to bog down after the Bears muscled to a 28-10 lead.

Mira kept taking flat passes from Beathard and either scampered for yardage or flipped passes from his wide vantage point.

With 26 seconds of the game left, Mira rifled a five-yard touchdown pass to another brilliant All-Star performer, halfback Charley Taylor of Arizona State.

It took the Bears quite a while to build up steam in their attack which was outpounded on the ground by the All-Stars 187 yards to 94.

JC Junior Net Finals Today

California Men To Meet for Championship

MINNEAPOLIS (AP) — Top-seeded Jeff Brown of Carmichael, Calif., and fourth-seeded Dean Penero moved into the junior men's finals in the 11th Jaycees international junior tennis tournament Friday.

Taylor ran alone last season with Hornung out of action because of a league suspension for betting on games. In the two seasons before that, Hornung was not available for full time duty because of a call to military service in 1961 and injuries in 1962.

Fullback Taylor is looking forward to the return of his halfback running mate.

'Going to Hustle'

"Paul is really going to hustle and build up some more of that image he had," said Taylor. "Besides, they can't key on me like they did last year."

And Hornung is ready to go. "I need all the work I can get," he said. "I hope I can get a lot better."

The Cardinals shape up as no soft touch preliminary foe for the Packers. The Cards posted a 9 and 5 record last season and are considered to have the best chance of challenging the New York Giants for Eastern Division leadership.

The kickoff is set for 9 p.m. Wisconsin time, and the game will be broadcast.

Defending champion Alberto Carrero of San Juan, Puerto Rico, advanced to the finals in boys 16-and-under singles with a 6-4, 7-5 triumph over Doug Verdiere of Redlands, Calif. Joining him in Saturday's finals was second-seeded Jim Rombeau of North Hollywood, Calif. Rombeau beat Ron Kahn of El Paso, Tex. 6-0, 6-0.

Junior Women

In the junior women's semifinals, Jocil Janas of Detroit downed Sally Perry of Santa Barbara, Calif., 3-6, 6-3. Marie Sidone of Pebble Beach, Calif., defeated Diana Mosgofian of Santa Barbara 6-0, 7-5. They also play for the title Saturday.

Meeting in the girls 16-and-under finals will be Mari Ann Peisert of El Cajon, Calif., and Rosemary Bailey of Dacto, Calif. Miss Peisert ousted Ellen Friendander of Milwaukee 6-4, 6-3. Miss Bailey beat Martha Downing of Decatur, Ill. 6-3, 6-1.

There was no indication of when he might be released from the hospital.

The crash occurred during a race at the Wisconsin State Fairgrounds.

Fischer Shelled for Second Straight Night, Braves Bow

Dodgers Score All Runs in First Inning for 5-1 Victory

MILWAUKEE (AP) — The first inning has become a jinx for right-hander Hank Fischer, of the Milwaukee Braves.

Fischer was shelled for the second time within 24 hours as the Los Angeles Dodgers erupted for five runs in the first inning and posted a 5-1 victory over the Braves Friday night before a crowd of 19,304 at County Stadium.

After retiring only one batter and allowing four runs in being routed in the opening frame of a 9-3 defeat at Cincinnati Thursday night, Fischer was given a chance to bounce back. He couldn't do it.

Third baseman Eddie Mathews made a nice play off his left to throw out Los Angeles' leadoff batter, Maury Wills. Then the Dodgers treated Fischer as a personal batting practice pitcher.

2-Run Double

Jim Gilliam and Willie Davis singled and Ron Fairly lined a two-run double which nearly decapitated first baseman Ty Cline en route to the right field corner. Tommy Davis singled home Fairly and, when Fischer walked Frank Howard, south-

paw Hoefelt was summoned from the Milwaukee bullpen.

Hoefelt got Johnny Roseboro to ground into a force play at second, but the first inning hex on Milwaukee wasn't ended. Nate Oliver lined a shot to left which Rico Carty misjudged. The ball landed near the wall for a double, scoring Davis and Rose-

boro.

Bob Leonard Quits Bullets' Coaching Job

CHICAGO (AP) — The Baltimore Bullets of the National Basketball Association announced Friday the resignation of Coach Bob Leonard after rejecting his request for a three-year contract.

The announcement was made at the office of Dave Trager, Chicago owner of the Bullets, with Leonard in attendance.

Leonard said "I'm at that stage where I want more security than pro coaching offers and want to get a college or high school coaching job."

Trager said Leonard "completely surprised" him last week when he said Leonard informed him that unless he was given a three-year contract, Leonard would return to college to get his master's degree.

Trager said the Bullets board of directors met hurriedly and decided to maintain the club's policy against long term contracts.

"Bob took a couple of days to think about it and today he notified me that he wanted to submit his resignation and go back to college," Trager said.

Clintonville Nine Eliminated From State Legion Meet

Oshkosh Notches 7-4 Triumph; Kenosha Only Unbeaten Squad

BY TERRY GALVIN

Post-Crescent staff writer
Kenosha emerged as the only undefeated team in the double-elimination Wisconsin State Legion Baseball Tournament at Goodland Field Friday night.

The defending champions downed La Crosse, 11-4.

Clintonville was ousted after an 11-0 loss to Marshfield. Oshkosh managed a 7-4 victory over Eau Claire.

Oshkosh and Marshfield met in the 1 p.m. game today. Eau Claire faced La Crosse in the 3:30 p.m. contest. Kenosha will be paired against either the winner of the Oshkosh - Marshfield encounter or the Eau Claire-LaCrosse clash in the 8 p.m. game tonight.

The losers of the afternoon game are eliminated.

Take 1-4 Lead

Marshfield jumped off to a 1-0 lead in the first inning and added five more in the fourth. Jim Nowaczyk was the big man at the plate with three hits in five trips. Nowaczyk cracked two doubles and a triple and drove in four runs.

Don Thompson was the only Clintonville player to collect a hit with two hits. Marty Kramer, the hero, and Terry Luepke limited Clintonville to five hits in the combined shutout effort.

Clintonville's forte throughout the season, its defense, failed in the clutch, committing eight errors. Sam Hogan and Wayne Darling shared the mound chores for Clintonville. Hogan was the loser.

Oshkosh, held to a meager

three hits in its opening loss to La Crosse, was sparked by Bruce Erickson and Larry Kopitz. Kopitz unloaded an inside-the-park homer in the third inning with Dave Misterek aboard. The Oshkosh hurler fanned six and walked one. Kopitz yielded 11 hits.

Newly Acquired Frank Thomas Leads, Phils Win

Redlegs Trip Giants, 5-3;
Cubs Sweep Pair From Pirates

BY DICK COUCH
Associated Press Sports Writer

Frank Thomas is a slow-footed, 35-year-old Met castoff with a future as rosy as his new red pinstripes.

The veteran of 11 seasons with National League also-rans finally may be ticketed for a World Series paycheck and the league-leading Philadelphia Phillies, who spirited Thomas — via a Friday afternoon waiver deal — from the lowly Mets, may have bought themselves some pennant insurance.

Thomas helped his new club to a 9-4 victory over his old mates Friday night — only hours after the Phils acquired

his contract in exchange for three minor leaguers. He drove in two runs with a double and single, then started a double play from first base as the Phils padded their NL lead to 2 1/2 games over runner-up San Francisco.

The big right-handed slugger played previously for Pittsburgh, Cincinnati and Milwaukee and has hit 275 career home runs. But he has never been with a pennant winner and has been with a last place club in 12 of his 17 major and minor league seasons.

Cincinnati's Jim Maloney and Bill McCool struck out 15 and handcuffed the Giants 6-3, pulling the third place Reds within striking distance of the losers. St. Louis' Curt Simmons blanked Houston 4-0; the Los Angeles Dodgers whipped Milwaukee 5-1 and the Chicago Cubs swept a doubleheader from Pittsburgh 7-3 and 4-3.

The Phils, notoriously weak thus far against left-handed pitching, sought Thomas' bat as added punch against southpaws.

"I've always thought of Frank as one of the toughest right-hand hitters in the league," Phils Manager Gene Mauch said before Friday night's game. "If he does what I expect, it will mean a lot to us."

Ortega retired the first two batters in the ninth, but needed help after Cline singled and Denny Menke doubled down the left field line. Miller then came in to get pinch-hitter Felipe Alou to ground out and preclude Ortega's fourth victory in eight decisions. Ortega blanked the Braves 1-0 in April, but had not won a game since May 19.

The Braves nominated right-hander Tony Cloninger, owner of a 10-10 record to face Dodger southpaw ace Sandy Koufax today. Koufax had a 16-5 record.

Orioles Post 2-0 Triumph Over Yankees

CONTINUED FROM PAGE 3

but still managed his third straight over the Yankees and Bouton in the big game at Yankee Stadium.

It was Barber's seventh victory of the year, against eight defeats. The 28-year-old left-hander won 30 games last year and had 11 complete games. This year he has only three, but two of them were against Bouton, a three-hitter on June 25 and a four-hitter on July 16.

Baltimore got its first run in the first inning when Jackie Brandt was hit by a Bouton pitch, went to second on Norm Siebern's pop fly single and scored on Brooks Robinson's line single to center.

Adair Homers

Jerry Adair added the other run with his sixth homer in the eighth inning. It came off Bill Stafford, who pitched the last two innings.

Haddix came to the rescue with two on and two out in the seventh and struck out pinch hitter Phil Linz. The veteran lefty also snuffed out a Yankee threat in the ninth with two men on when he struck out pinch hitter Pedro Gonzalez.

Ray Herbert, who lost a month this season on the disabled list, won his fifth game for the White Sox and limited the Red Sox to five hits. He also drove in both the Chicago runs.

Phil Regan scattered eight hits for the Detroit victory. Gates Brown homered for the Tigers in the second inning and George Thomas and Bill Freehan hit back-to-back homers in the eighth.

The sweep for the Indians gave them eight victories in their last 10 games. Woodie Held and Joe Azcue hit two-run homers in the first game, and rookie Luis Tiant checked the Twins on five hits. It gave Tiant a 4-1 record since he came up from the minors.

Tony Oliva and Earl Battey homered for the Twins in the opener.

Hall Slams Homer

Larry Brown drove in three Cleveland runs with two singles in the second game, and Jimmy Hail hit a Homer for the slugging Twins.

The Senators had a close call at Los Angeles. Claude Osteen rolled into the ninth inning with a 4-0 lead and seemed on his way to a shutout, only the second for the Senators' all year. Then the roof caved in.

Holds 2-1 Lead

La Crosse, with single runs in the first and fifth held a 2-1 edge prior to the sixth inning. Kenosha scored thrice in the sixth with Chuck Lange accounting for all the runs-batted-in with a bases-loaded double to left-center.

Ernie Virgili was the big man for Kenosha. Virgili pounded out three triples. His first three-base blow came in the first, scoring Gordie Hess. Hess opened the seventh with a triple and Virgili followed with another. Virgili's third triple came in the eighth with two out and ignited a 3-run surge.

Losing pitcher Jim Grosch fanned seven for La Crosse.

Schnell, the winner, also fanned seven.

Military Leave Policy to Get Another Look

Appleton Personnel Unit May Revise Employee Pay Act

Appleton's personnel committee wants to take another look at its proposed military leave of absence pay policy before having the city council take final action.

The committee's recommendation to give guardsmen and reservists full pay during summer camp (15-day) training without affecting their vacation time never got to a vote at Wednesday night's council meeting.

A member of the committee had the recommended policy referred back for further study.

What Next?

The policy now being discussed in committee is the same which was adopted by the State of Wisconsin several years ago for state employees. It is part of the statute which refers to civil service employees.

It is not known what the personnel committee plans to do in the way of revising its recommended policy.

Many employers, including municipalities, make it a practice to make up the difference between the reservists camp pay and the regular salary he would receive for the two-week period on his civilian job.

A section of the state statute which applies to all persons on active duty (summer training and military schools) says the employee should not be discriminated against in any way.

Interpretation

The interpretation is that employers should not force employees to take their vacation during the time they are required to undergo summer training.

This does not preclude the employee, however, from voluntarily taking his vacation when he is scheduled to go to camp.

Many employers are unaware of the state law which protects the vacation rights of guardsmen and reservists.

The question of military leave policy was put to the personnel committee recently by an employee in the street - sanitation division. He inquired what policy, if any, the city had.

Public Hearing Set On Wolf Pollution

State Engineers to Discuss Conditions of River Water

Post-Crescent Photo Bureau

MADISON — The review by state engineers of the pollution conditions of the Wolf River watershed in northcentral and northeastern Wisconsin is not likely to produce the findings of serious contamination that have featured other state watershed surveys, a spokesman for the state pollution program said here.

T. F. Wisniewski, director of the State Committee on Water Pollution, has announced a public hearing at Clintonville Aug. 26 for a public discussion of engineering survey results of the

major river and its numerous tributaries as completed during the last year.

The report volume is not yet published, but the official said the findings "won't be as serious as those we have reported for some of the other principal streams."

Pollution control orders will be issued later, on the basis of the testimony at the hearing and the technical evidence presented by the state sanitation engineering staff men.

Regional Planning Problems

Wisniewski said representatives of the new Wolf River Regional Planning Commission will attend the Clintonville session, in the expectation that some of the reports may relate to regional planning problems in the northeastern Wisconsin area which is regarded as one of the prime regions for recreational planning and development in the state.

The Wolf River hearing is the last major enterprise of the state pollution agency this year. Stream surveys will continue during the year in preparation for hearings in 1965, and subsequent clean-up orders, for other major waterways. These include the St. Croix River, a section of the Wisconsin River, the Twin Rivers in Manitowoc County, the Keweenaw drainage basin, Door County, the Grand Platte basin of southwestern Wisconsin, and the Buffalo, Trempealeau and Bad Axe rivers in west central counties.

Laymen's League

AMHERST—Mrs. Ervin Boeler and Mrs. Ronald Goettsch entertained the Laymen's League of St. Paul's Lutheran Church on Thursday.

Pointing out that although the United States has struck at North Vietnam, the war "still goes on," he said. "If our President meant what he said about not seeking to widen the war, then our single reaction does not represent a lasting change in policy, but rather a 'measured response' to a special circumstance."

He added, "for one brief moment, we returned to the Eisenhower-Dulles policy of selective retaliation by responding on a level greater and more costly to the enemy than his provocative but unprovoked action was to us. or this, I command the

Laird, in backing the Congressional resolution supporting the President's action, said he was confident that if "we are attacked again, we will respond with similar dispatch and effectiveness."

The POWER of FAITH

By WOODI ISHMAEL

The first American foreign missionary society had its beginning in a haystack one hot August afternoon during a thunder shower. The place was Williams College, in Massachusetts, and the year 1806.

John Mills as leader of a group of first year students with a devout interest in religion had gone for a walk with four companions. As they were discussing the "plight of the poor heathen" in Asia, a sudden shower came up and they found shelter in a nearby haystack. There they continued their discussion and prayer.

Mills' father was a minister and his pious mother once said of her son, "I have consecrated this child to the service of God as a missionary. He resolved that afternoon that the five would take the message of Christ to non-Christians throughout the world. Out of that solemn dedication came the organization in 1810 of the American Board of Commissioners for Foreign Missions which is now part of The United Church Board for World Ministries.

Today a monument marks the site where the "haystack prayer meeting" prompted the faith of five young college students to action.

Lawrence Says World Given Example of 'Brinkmanship'

Meaning of Word
Is 'Readiness to
Repel Aggression'

BY DAVID LAWRENCE

WASHINGTON — President

Johnson and the Congress of the

United States have given the

world a dramatic

example of "brinkmanship"

that reflects the deter-

mination of the American

people to use mili-

tary force, if

necessary, to

repel aggres-

sion.

The joint resolution authorizing

the use of American naval,

land and air forces in Southeast

Asia to prevent further aggres-

sive acts is exactly in line with

the policies advocated by the

late John Foster Dulles, secre-

tary of state in the Eisenhower

administration.

Yet the word "brinkmanship"

has been associated with criti-

cism of Mr. Dulles and has re-

peatedly been taken out of con-

text to imply that those who

support the Dulles idea are

"trigger-happy" people bent

upon starting a war.

In January, 1956, in an article

published in "Life" magazine,

Mr. Dulles was quoted as hav-

ing said:

Chances For Peace

"You have to take chances for

peace, just as you must take

chances in war. Some say that

we were brought to the verge of

war. Of course we were brought

to the verge without get-

ting into the war is the neces-

sary art. If you cannot master

it, you inevitably get into war.

If you try to run away from it,

if you are scared to go to the

brink, you are lost. We've had to

look it square in the face — on

the question of enlarging the

Korean War, on the question of

getting into the Indochina War,

on the question of Formosa. We

walked to the brink and we look-

ed it in the face. We took strong

action."

Naturally the above quotation

attracted worldwide attention,

and in a press conference on

Jan. 17, 1956, Mr. Dulles said

that the statement was not ex-

actly a direct quotation, but he

added:

Stand Firm

"I have said the substance of

that, I think, on a good many

occasions. That I believe that

peace is not won by seeming to

retreat when an aggressor

threatened; that it was impor-

tant to make clear the fact that

we were going to stand firm

even though that might involve

war. That is a sentiment which

I have expressed a good many

times over a great many years,

and I think that this particular

statement attributed to me,

when read in the light of my

views."

Mr. Dulles said he wished

however, to clear up one point

— that we had been "brought"

of his battalions toward the capi-
tal July 21.

Silo's police were ordered out
the next day to check the move-
ment and were successful.

Last Tuesday one of rightist

to the verge of war, not by our
own choice, but only by "threats
which were uttered in relation
to Korea, in relation to Indo-
china, and in relation to Formosa."

Sen. Goldwater a few weeks
ago, in an interview published in
a German newspaper, was

quoted as having said:

Foreign Policy

"My ideas for a successful
American foreign policy corre-
spond generally to the policy of
the Eisenhower government and
Secretary of State Dulles. You
must always show yourself
ready to throw in everything if
you want to be respected and
you are fighting for peace."

He was then asked: "So, a
policy of 'up to the brink of
war,' as Secretary of State Dulles
long held to be correct?" His reply was:

"Yes, the only person who is
respected is the one who clearly
says — when necessary —
that he is determined to go to
extremes. That is a policy that
your country and all successful
countries have followed through-
out the past thousand years."

Word Misused

The misuse of the word
"brinkmanship" arises from the
mistaken theory that the Ameri-
can government would deliber-
ately create a crisis in order to
rattle a sword or threaten an-
other country. The true mean-
ing of "brinkmanship" is a pol-
icy of readiness — a willing-
ness to fight if necessary and
to indicate clearly to the other
side that aggression will be
repelled.

The erroneous impression is
often conveyed that efforts to
solve disputes by peaceful
means are a reflection of un-
willingness to fight or a craven
attitude. Secretary Rusk, in a
television interview on ABC's
"Issues and Answers" on July
26, said:

"Now the problem here is to
make it very clear that the vital
interests of the free world
will be defended with whatever
is necessary. But the problem
also is to defend these by peaceful
means if possible. . . . therefore
we've got to act with pru-
dence and soothsaying and judg-
ment, certain patience and per-
severance."

Revolution Dogma

"Our problem at the present
time is that Peking is pursuing
this world revolution dogma
with a militancy that is threat-
ening the peace, and our imme-
diately problem is to bring Hanoi
(North Viet Nam) and Peking
to the necessary decision to
leave their neighbors alone before
it is too late."

It is interesting to recall that
when President Eisenhower and
both parties in Congress united
on a resolution to authorize the
use of military forces to protect
Formosa, the Red Chinese took
note of the action and discon-
tinued their aggression. It is
hoped that there will similarly
be a cessation now of acts of
aggression and military threats
in Southeast Asia.

Deputy Premier Phoumi Nossan-
van's staff officers arrived at
Camp Chinaimo, headquarters of
the 8th Military Region Com-
mand, six miles from Vientiane.

The officer reportedly had
plans for the arrest of Silo,
Gen. Kouprasith Abhay, the 8th
Region commander; two other
generals and Oun Sanaikone,
ex-vice president of the National
Assembly.

Kouprasith's officers reported
a bribe attempt and Kouprasith
informed Silo, who is said to
have arrested the ringleaders.

Then, the story continues,
Phoumi sent a message for
Kham to march on Vientiane
once more. Kham's army ar-
rived on the fringe of Kouprasi-
th's military zone, but was
pushed back.

Silo released the ringleaders,
stirring new fears he had trans-
ferred his loyalty to Phoumi and
a coup was imminent.

American diplomatic pressure
was then reported applied, mak-
ing it clear Souvanna had U.S.
support and the generals should
see that their friction served
only the purpose of the Pathet
Lao.

Police Find Pattern to 5 Bombings

KANSAS CITY (AP) — Five
bombings or attempted bom-
bings of homes and business in
Kansas City this year have fol-
lowed a definite pattern, police
say.

The homes and businesses
were all owned by Jews whose
names appeared in newspapers
stories shortly before the bombs
were placed.

The last incident occurred
Thursday when a stick of dy-
namite wrecked the interior of a
drive-in restaurant owned by
Melvin Rolsky. He estimated
damage at \$4,000 to \$5,000 and
said he had no idea why anyone
would want to bomb his place.

A picture of the restaurant
was printed in the Kansas City
Star July 17 when a run-away
truck crashed into the building.

Bomb Incidents

The other bomb incidents
were:

Jan. 28 — two unexploded dy-
namite bombs were found out-
side the homes of Irving
Achtenberg and Dr. Lazare M.
Shapiro. Names of both men
had been carried in news items.

Jan. 28 — The Bargain City
discount store was bombed. It is
owned by two brothers, Harry
and Barney Fisler, whose
names were in the news nine
days earlier because of fire at
the store.

April 21 — The Bargain City
store was bombed again.

The Kehilath Israel Syna-
gogue on Kansas City's south
side was bombed and suffered
serious damage the night of
Jan. 28, 1960. That bombing too,
is still unsolved.

Lois Marshall Will Appear At Festival

Famed Soprano to
Sing Haydn and
Strauss Numbers

BY JACK RUDOLPH
Post-Crescent News Service

FISH CREEK — One of the Peninsula Music Festival's all-time favorites will be welcomed back to Gibraltar High School Sunday afternoon. Canadian soprano Lois Marshall makes her fifth appearance at the Festival in the second concert of the 1964 season.

Miss Marshall, who helped inaugurate the Festival in 1953, made subsequent appearances in 1955, 1956 and 1959. Her record has been equalled only by Ilona Kombrink.

International Fame

The diminutive soprano was launching her spectacular career when she first came to Fish Creek, shortly after her Town Hall debut in New York as a Naumburg Award winner. She has since gained international fame as a recitalist, choral soloist and opera prima donna.

Sunday Miss Marshall will sing soprano arias from Josef Haydn's oratorio "The Creation." She will also sing Richard Strauss' "Four Last Songs." Miss Marshall was to perform this number in 1962, but was forced to cancel her appearance unexpectedly.

shall, the 40-piece Festival Orchestra. Besides supporting Miss Marshall will present other works by Haydn and Strauss. Dr. Thor Johnson will conduct the first festival performance of the Haydn Sinfonia Concertante in B-Flat Major as well as Strauss' "Divertimento After Couperin," heard previously in 1955 and 1959.

The sinfonia will introduce the Festival's new concert master Donald Weilerstein in the solo violin role. Completing the unusual quartet will be James Caldwell, oboe; Harold Cruthirds, cello, and Arthur Grossman, bassoon. Caldwell and Grossman will also be making their Fish Creek debuts.

The Peninsula Music Festival runs through Aug. 23 at the Gibraltar auditorium, Fish Creek. Performances are at 8 p.m. Tickets may be purchased at Newman's, Appleton, and at Festival headquarters in the Pioneer School House, Ephraim. Seating is limited to 250 persons per concert.

World War II Still Raging In Hollywood

Next Season's
Comedy Mixed
With War Drama

HOLLYWOOD (AP) — All around the Hollywood studios, in this comedy year, television actors are playing their scenes for laughs. But on the back lots of MGM and Universal-Revue, World War II is — still — being fought out under the sizzling California sun.

"Combat," ABC's drama, soon will start its third season battling from the Normandy beachheads to the Maginot Line, a more leisurely trip than the real fighting men made some 20 years back.

At busy Revue, a portion of the battle of the Bulge is being recreated at one end of a small artificial lake. The other end is a snow-covered Alaska scene, part of a motion picture in the works.

The war show in progress is called "Operation Grief" based on a real episode of the war when specially-trained English-speaking German saboteurs were dressed in GI uniforms and sent behind the allied lines to make serious mischief. It will be one program of NBC's returning "Suspense Theatre" anthology series on Thursday nights.

A muddy road had been cleared beside the lake and actors in grimy uniforms were resting — like real, tired soldiers — in the shade of fake trees. One, particularly dust-covered and sporting a three-day beard, arose. It proved to be Robert Goulet, the handsome young baritone, who is making his TV acting debut in the episode.

APPLETON POST-CRESCENT It's Been a Very Busy 50 Years

Saturday, August 8, 1964

Humphrey Nears the Goal

The fast horse doesn't always win the race, as a famous United States jurist once observed in a jocular aside, but the prudent man will wager on his chances, nevertheless.

Thus it appears that Sen. Hubert Humphrey, who is probably as widely known in Wisconsin as any member of the United States Congress who does not represent the state there, is now within a nose of winning the Democratic nomination for vice president through the signal of President Johnson in the White House.

Moreover, it seems likely that the Minnesota senator will be as cordially received by the liberal and Democratic voters of Wisconsin as any aspirant who can be readily named.

There are men and women of more moderate and conservative leanings in Wisconsin, and we would guess they may constitute a majority when the ballots are counted next November, who will restrain their enthusiasm about Humphrey and about Mr. Johnson as well. Perhaps there is no man in American public life today who so aptly represents the liberal credo and the liberal conviction about the huge and expanding function of the national government in the personal lives of Americans as the peripatetic, tireless, loquacious and ambitious Humphrey.

Yes, as some of our Republican friends would probably put it, a man who has such a determinedly skeptical attitude toward

Hunger in India

About ten days ago the government of India seized records of several grain dealers, apparently in an effort to halt alleged hoarding to boost prices. So far no arrests have been made or serious charges pressed and grain dealers have waxed indignant over what they claim are trumped up suspicions. The action may have been taken to indicate that the government was doing something about the food shortages which are bringing increasing protests. And opposition parties have charged that someone tipped off the grain dealers so they could move out hoarded grain in advance of the raids.

But whatever the causes of this particular action, it reflects the problem that continues to plague India's millions. Hunger and outright starvation are as serious today as they have been over the centuries.

A look at statistics demonstrates that grain hoarders are not the real trouble. Since 1959, India's food-grain production increased by about two million tons. But its population has increased by more than 50 million and is currently growing at the rate of 30,000 people a day. The food grains indicate what foods are available as they include rice, wheat and other grains as well as the dried peas and beans which are the major source of protein for the great majority of Indians.

Prices have been skyrocketing. The least expensive grain costs 100 per cent more than it did last year and the prices of

Southern Democrats Rebel

While some of the most liberal figures in the Republican party are disassociating themselves with the candidacy of Barry Goldwater, President Johnson is facing an equally serious prospect among a number of Southern Democrats. Since the passage of the Civil Rights Law, the nomination of Goldwater by the Republicans and the racial violence in northern cities, there has been a trend for some southern Democratic Congressmen and state officials to divorce themselves from the Johnson campaign for re-election.

These candidates for election in southern and border states are pictured as being uncertain whether they wish to be associated with the Johnson campaign in their own election efforts.

The Wall Street Journal commented recently that the defection of southern Congressmen might threaten hope of President Johnson for passage of most of his so-called "must" legislation in the balance of this session. They were pictured as not

Looking Backward

Appleton War Tax Vote Tuesday

100 YEARS AGO
Quoted from the Appleton Crescent for Aug. 6, 1864.

On Tuesday next, Aug. 29, Appleton is to vote upon the question of taxing this city \$10,000 to fill our quota by enlistment.

We do not believe the vote will carry for the following reasons:

There is a large majority among us of supporters of the Lincoln policy for conducting the war, and of course as usual in such communities, far more than the ordinary proportion of exempt from military service.

With few exceptions, the exempts, although loud in their professions of patriotism, love of country and "loyalty," will keep very mum when called upon to give money for the cause.

They will neither go themselves, nor willingly give a dollar to get others to go. Hence, the great bulk of them

will vote against the tax. Of the real estate in the city, the great bulk of it is held by people not liable to conscription. The few who are liable to conscription are wealthy enough to buy a black or white substitute without difficulty, so it is little matter to them whether the vote carries or not.

Then there are the fossils, fogies and decayed politicians, who flock around the Motor and who shout the "Battle Cry of Freedom" to the bigger and those who rush to the polls to vote against a War Tax!

STAR DASH
(The Appleton Motor for Aug. 11, 1864, notes that the Tuesday vote was very light and the war tax passed by a slim majority of 34 votes.)

Harvey E Peterson, Waupaca, was awarded a medal for gallantry in action in

France 21 years previously. The silver star medal had an oak leaf for two different citations. Peterson served as a corporal in H. & A. C. H. Company, 28th U.S. Infantry of the 1st Division. The first citation was for maintaining telephone lines from forward battalions to headquarters under heavy fire in the Argonne woods, the second was for his excellence in keeping up the lines as a volunteer south of Seissons when communications were needed between the fighting units and forward post command.

Anna Ernst, member of the Marble 4-H Club, was chosen Waupaca County Dairy Queen Named as her attendants were Florence Fenske, Wauauwega, and Glendale Miller of Marble.

The appointment of Joseph Schmidkrof as postmaster at Chilton was confirmed that day by the U.S. Senate.

It's been a crowded 50 years, what with two world wars, the depression, the conquest of polio and the atomic bomb.

And the amazing thing is how clearly we remember when these things happened. Or do we?

The first atomic explosion occurred in 1945, of course, but when did Hitler's men burn down the Reichstag? (Before you run for the book, or put your money on the bar, it was 1933.)

You recall, naturally, that Alcock and Brown made the first transatlantic flight in 1919, but when did Henry Ford startle the world with the \$5 wage for an 8-hour day? That was just 50 years ago, in 1914. Prohibition ended in 1933. When did it begin? 1920. Rumors still crop up about Amelia Earhart, but what year did she disappear over the Pacific? That was 1937, the same year the Duke of Windsor married the woman for whom he had given up a throne.

Now that the easy ones are over, here's a few to keep the old timers on their toes. When was:

1. Knute Rockne killed in a plane crash
2. The Black Tom explosion
3. The first transatlantic telephone cable opened
4. Floyd Collins trapped in a cave
5. Julius and Ethel Rosenberg executed for spying
6. Ernest Hemingway killed
7. Rasputin murdered

1914-1939 World War I to World War II

1939-1964 World War II to Present

8. Transcontinental television inaugurated
9. The Cocoanut Grove fire in Boston
10. Bruno Richard Hauptmann convicted of the Lindbergh kidnapping
11. The great influenza epidemic
12. The last U.S. battleship laid up
13. The U-2 downed over Russia
14. The first transcontinental air mail route flown
15. The Hartford, Conn. circus fire
16. The first transcontinental telephone call
17. Hitler's Munich beer hall putsch
18. The Great TV quiz show expose
19. The St. Valentine's Day massacre in Chicago
20. The Brinks robbery in Boston

Since you scored 100 per cent on that one (see answers below), here's a final bonus question, loser buys:

When was Tokyo Rose sentenced to prison?

Six Weeks Movie Ban Given As Teen-Age Discipline Idea

BY ANN LANDERS
DEAR ANN LANDERS: Our 13-year-old daughter, Natalie, told us she was going to the library for the afternoon to see an art exhibit. Instead we learned that she and a girl friend went to see a foreign movie which was billed for adults only.

Ann Landers: Natalie is tall for her age and could pass for several years older. From the description given by a friend who saw her in the movie house, Natalie painted herself up like a trollop, wore my wig and high-heeled shoes and got by the cashier.

When I confronted Natalie with the report she did not try to lie out of it. She said she was curious about the picture and thought it would be fun to see if she could get in to see it. My husband feels we should deprive the girl of her allowance for six weeks. What do you say?—Coping

Dear Coping: I do not believe in depriving teen-agers of their allowances as punishment. I assume that the allowance is earned by performing some services in the house, and so long as the services are performed, the allowance should be paid.

A more logical punishment would be no movies for six weeks.

DEAR ANN LANDERS: Our 23-year-old daughter Annette was always the shy type. We after snapping photos in ocean, never knew what was in her lake, or pool water.

Wash Oil, Chlorine From New Cameras

Have you ever heard about those brand new 35mm cameras which take pictures both in and out of water?

Since these are completely water-tight, the manufacturer hastens to inform new owners that these cameras can be washed in soap or detergent suds.

This should be done often to remove oil slick, salt, or chlorine

after snapping photos in ocean,

never knew what was in her lake, or pool water.

Waffle Iron Clean Up Problem

BY ROGER C. WHITMAN

Q: How can the blackened top grid of an electric waffle iron be cleaned? The waffle iron has been in use 15 years.

A: Best method would be to write to the manufacturer of the iron if he has a service department for this type of reconditioning, or for his recommendations. The only suggestion I can offer is to clean the grid with a moistened soap steel wool pad, then carefully sponge off with clear water and wiping dry. Any chemical cleaner might taint future waffles.

Q: We have poured concrete foundation walls in our family room. We would like to put an ivy-decorated wallpaper on to give an outdoors feeling to the room. How should the paper be applied?

A: Applying wallpaper directly to concrete is not at all recommended. This is because of the ever-present possibility of moisture in the concrete or condensation during hot, humid weather. I suggest you put the walls to create an air space. Then install plasterboard panels, according to manufacturer's instructions. A special sealer made by the wallboard manufacturer should be applied before wallpaper is put on.

Q: I applied a paste wax with fine steel wool on my kitchen linoleum (vinyl). Needless to say, it apparently removed the finish. Now the floor never looks clean and will not take a really deep shine. Is there any way I can successfully refinish the tile or rectify this situation in any way?

A: Whether the floor covering is vinyl or linoleum, remove any wax now on the surface with a wax-removing preparation, made by a nationally known manufacturer, following label instructions carefully. When floor surface is absolutely clean and dry, apply a clear, self-polishing wax, in a thin film with light even strokes, not rubbing in. Allow to dry at least 30 minutes. If necessary, repeat wax application.

Q: A year or so ago I applied a compound in the cracks of my porch flooring. Now, when I sweep or mop the floor, the compound crumbles out. I tried removing it, but find it too much of a job. What can be done to remedy this?

A: I assume this is a wood floor, and you used a caulking compound of some kind. Sorry to say, but I know of no other remedy than removing the present compound. Did you try using a beer can opener to scrape it out? This handy tool frequently makes the job easier.

Opportune Bell Would Be Helpful

BY ALFRED SHEINWOLD

What all bridge players need is a little bell that will ring and tell them that the time has come to make a good play. Without this kind of warning we tend to make a routine play, and we discover later that we have wasted a beautiful opportunity.

East had to win the first trick with the singleton ace of spades, and perhaps it was his annoyance that prevented him from hearing the little bell. Why hadn't his partner led clubs? Partners were the limit!

Thinking black thoughts, East returned the seven of clubs. South won with the king of clubs and returned the king of diamonds. When this held, South continued with the ten of diamonds to dummy's jack.

East took his ace of diamonds and returned the queen of clubs to South's ace. Now South led a heart to dummy's ace to cash the rest of the diamonds. Then he took the king of spades, winning one spade, one heart, four diamonds and two clubs.

Unlucky Lead
The queen of spades was an unlucky lead. If West led the jack of clubs, the defenders

would probably get four clubs and East's two aces.

Still, there was no reason for East to throw away the defense by returning a club at the second trick. Since this article has been ringing the bell madly, you surely see East's correct play. Decide for yourself before you read on.

At the second trick East should return the king of hearts. This forces out dummy's ace (otherwise East continues with low heart) and thus removes the entry to the diamonds. East later refuses the first diamond trick but takes the second. Declarer gets only one diamond trick, together with one spade, two clubs and three hearts. One trick short.

Farm Bills

In Redding, Calif., May 25, Goldwater said that "most of our farm bills have been the product of price-fixing."

On Jan. 22 at Gillsboro, N.H., he said: "this has cost us billions and billions of dollars and it is destroying 30 per cent of American agriculture. I'd like to see us stop this foolishness of federally supporting agriculture."

And he said in Portland, Ore., Feb. 12 that the federal government's only involvement with farmers should be a guaranteed loan program similar to federal housing.

Meeting Scheduled

Goldwater agreed after a meeting with senate and house members Friday to consult with a group of senators who are familiar with farm problems as the campaign takes shape. He said he will follow the platform in his speeches.

Included in the consultations will be Sens. Karl E. Mundt of South Dakota on livestock, Milton R. Young of North Dakota on wheat, Bourke B. Hickenlooper of Iowa on corn and feed

grains, George D. Aiken of Vermont on dairy and John G. Tower of Texas on Southern farm problems.

Sister M. Claudia Leaves, Bio-Chemist Hired for Laboratory

St. Elizabeth Hospital has announced the transfer of its front office supervisor and the addition of a bio-chemist to its clinical laboratory.

Leaving was Sister M. Claudia, who was appointed to St. Francis Hospital, Waterloo, Iowa, after two years at St. Elizabeth. Her replacement is Sister M. Damien, who came from the Waterloo hospital.

The bio-chemist is Donald M. Houchin, a former Army officer whose hometown is Akron, Ohio.

Sister Damien, a native of Missouri, received her bachelor's degree in business administration from Marquette University. She had worked in a Milwaukee hospital before she went to Waterloo in 1960.

Houchin, a graduate of the University of Akron, had the distinction of putting the first shipment of whole blood for U.S. Army forces overseas during World War II on a plane bound for New York.

During the war, he was assigned to duty in blood procurement programs as well as preparing biologicals and blood plasma.

He most recently was associated with Walter Reed Hospital, and he has worked with private drug companies.

Houchin has published at least five articles and a sixth is in preparation. He is married and has one son who will attend Appleton High School this fall.

Richard E. Willis has joined Wisconsin Wire Works as product development manager. He will work out of the firm's home office.

Willis will continue his research for improvement of our finer wire qualities for better sheet formation and drainage as well as increased wire life, according to William N. Dreyer, vice president.

Most recently with Minnesota Mining and Manufacturing, he previously served the paper industry from both the Seattle and Chicago offices of J. O. Ross Engineering.

Willis is a graduate of the Seattle University School of Engineering.

Public Hearing Set On Wolf Pollution

State Engineers to Discuss Conditions of River Water

Post-Crescent Madison Bureau

MADISON — The review by state engineers of the pollution conditions of the Wolf River watershed in northcentral and northeastern Wisconsin is not likely to produce the findings of serious contamination that have featured other state watershed surveys, a spokesman for the state pollution program said here.

T. F. Wisniewski, director of the State Committee on Water Pollution, has announced a public hearing at Clintonville Aug. 26 for a public discussion of engineering survey results of the major river and its numerous tributaries as completed during the last year.

The report volume is not yet published, but the official said the findings "won't be as serious as those we have reported for some of the other principal streams."

Pollution control orders will be issued later, on the basis of the testimony at the hearing and the technical evidence presented by the state sanitation engineering staff men.

Regional Planning Problems

Wisniewski said representatives of the new Wolf River Regional Planning Commission will attend the Clintonville session, in the expectation that some of the reports may relate to regional planning problems in the northeastern Wisconsin area.
